

TVU One

Powerful, small and lightweight 3G/4G/LTE mobile transmitter available with H.264 or H.265/HEVC

http://www.tvunetworks.com/doc/TVU_One_datasheet.pdf

TVU Anywhere

Live transmission from iOS and Android smart devices and laptops

https://www.tvunetworks.com/doc/TVU_Anywhere_datasheet.pdf

TVU MLink

Rack mount transmitter ideal for satellite trucks and studio

http://www.tvunetworks.com/doc/Mlink_datasheet.pdf

TVU RPS

A cost-effective alternative for At-Home and REMI live video production

http://www.tvunetworks.com/doc/TVU_RPS.pdf

TVU Grid

IP based live video switching, distribution, and routing solution

http://www.tvunetworks.com/doc/TVUGrid_Datasheet.pdf

TVU Command Center

Cloud-based central management system for all of your TVU transmissions

http://www.tvunetworks.com/doc/TVU_Command_Center.pdf

TVU Router

200Mbps of secure, reliable, high speed and untethered Internet access anywhere

http://www.tvunetworks.com/doc/TVU_Router.pdf

TVU Producer

Robust featured cloud-based live video production platform for social media and web streaming. Easy to use for non-professionals

https://www.tvunetworks.com/doc/TVU_Producer_datasheet.pdf

TVU Era

A flexible and affordable video contribution encoder delivering the same high quality, low latency video found in more expensive professional encoders but is designed for use with a single Ethernet connection

http://www.tvunetworks.com/doc/TVU_Era.pdf

TVU MediaMind Server

The TVU MediaMind Server is the backbone edge device within the TVU EcoSystem. It's designed to host multiple TVU applications that can accomplish multiple tasks simultaneously and is also the gateway to TVU Grid

https://www.tvunetworks.com/doc/TVU_MediaMind.pdf

TVU AP ENPS Integration

Send special alert stories from TVU Command Center to AP ENPS

http://www.tvunetworks.com/doc/TVU_AP_ENPS_datasheet.pdf

TVU Aerial Newsgathering Pack

Live aerial HD-quality video transmission to any location at sub-second latency

<http://www.tvunetworks.com/products/tvu-aerial-pack>

TVU Booking Service

Scheduling system for live TVU transmissions

http://www.tvunetworks.com/doc/TVU_Booking_datasheet.pdf

TVU Alert

Efficiently send critical messages in a timely manner to your entire organization

http://www.tvunetworks.com/doc/TVU_Alert.pdf

TVU Me

IP video marketplace that enables users to sell and trade recorded video content and sell live video streams around the world in a simple interface

<http://www.tvunetworks.com/products/tvu-me>

Global Rental Program

Whether it's a natural disaster, civil unrest, election, major sporting event or any other major event, TVU is your trusted global partner in providing on-location rental equipment and support

<http://www.tvunetworks.com/global-rentals>

TVU TimeLock

Enables multiple TVU One transmitters to synchronize together at a set latency, allowing mobile and wireless At-home/REMI productions without being tethered

<http://www.tvunetworks.com/products/tvu-timelock/>

TVU Transcriber

Context-based real-time speech to text transcribing service that uses voice recognition AI technology. It can output text to a file format from an audio input source or embed text into a video stream for closed or open captioning
